NO AMERICANS SACRIFICED BY GERMAN RAIDER

Consul Stewart Announces All American Members of Crew of St. Theodore Safe.

Landed at Pernambuco By Japanese Ship, Hudson Maru.

By Associated Press Dispatch.

Washington, January 19.—Nine Americans were among the crew of the British ship St. Theodore, taken by the German raider and landed with other survivors at Pernambuco, on the Japanese ship Hudson Maru.

Consul Stewart today reported they were all safe, and that, so far as reported, no other Americans were on the other ships.

OFFICIAL STATEMENT

The State Department today made public the following cable from the Consul, dated January 18, and received this morning.

Hudson Maru brought 237 St. Theodore crew. List shows Americans, Ben Stevens, Royal Gregory, Frank Magee, David Johnson, E. Judy, and colored, and Fred Smith, Harry G. Van Doren.

Minich shows Charlie Jones. No Americans on other vessels named. All nine safe here.

COLUMBUS BOY ON ST. THEODORE

By Associated Press Dispatch.

Columbus, O., January 19.—Guy Van Doren, listed as among the Americans captured by the mysterious German raider on board the British steamer St. Theodore, is a Columbus boy, aged 20.

He was visiting in Norfolk, Va., and, according to word received by his mother, sailed on the St. Theodore as a machinist.

GERMAN SHIP PASSES FLUSHING

(Associated Press Cable.)

London, January 19.—A Reuters dispatch from Flushing, Holland, today reports the German steamer Ursula Fischer passing there from Zeebrugge on her way to Antwerp.

"This is the first German ship that has passed in this direction since the fall of Antwerp," the dispatch adds.

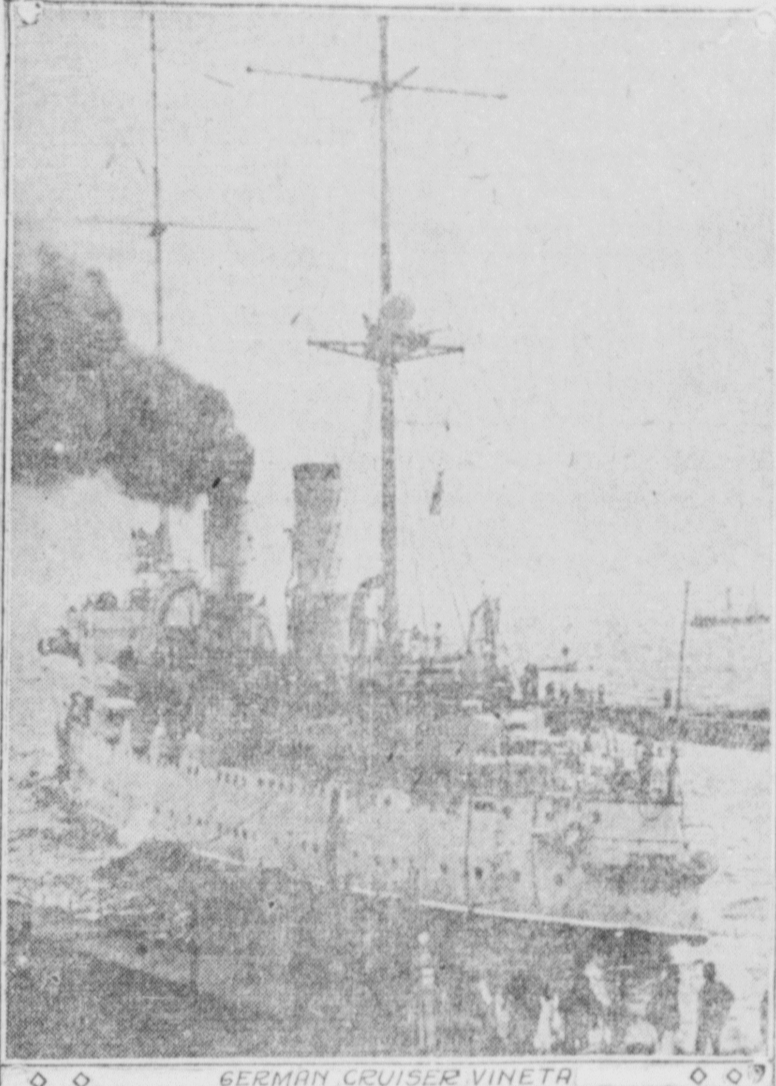

HEAVY FIGHTING IN ROUMANIA

Russians and Roumanians Still Holding Their Own.

By Associated Press Dispatch.

Heavy fighting is still in progress on the Roumanian front, with the Russians and Roumanians apparently more than holding their own, for the

THE GERMAN CRUISER VINETA SAID TO BE COMMERCE DESTROYER NOW IN ATLANTIC

GERMAN CRUISER VINETA

The German cruiser Vineta which, according to report, is the vessel that has been raiding commerce in the south Atlantic, is a protected cruiser of the Freya class, comprising, besides the two named the Hertha, the Hansa and the Victoria Louise. They are old vessels, having been built in 1895-7 but were reconstructed in 1907-8. They are 344 feet long, with a displacement of about 5,600 tons. They can make about nineteen knots normally, but this can probably be increased in case of need. The first reports said the Vineta, painted dead black, had sunk twenty merchant steamers and two French schooners,

all probably near the coast of Brazil. The Vineta figured in the news in January, 1903, when she, the Falke and the famous Panther (later used on the Moroccan coast in the imbroglio with France) blockaded a part of the Venezuelan coast and bombarded the port of San Carlos, near Maracaibo, in the troubles arising from the unpaid German claims on Venezuela.

The Vineta was at the harbor of Port au Prince, Haiti, on January 27, 1914, when the revolt was started. President Oreste fled for safety to the Vineta, which sent ashore an armed force in aid of American marines who had been landed.

time at least, against Field Marshal von Mackensen's armies.

Elsewhere in the field of military operations there have been few activities of importance.

This holds true on the Franco-Belgian front, where the quiet has been broken recently only by British activities north of the Somme, which have resulted for them in recent advances near Beaumont-sur-Ancre.

Indications are not lacking, however, that the present comparatively pacific conditions are not likely to endure long, and in this connection the extreme southern sector of the line is being watched closely.

TO LIGHT JIMTOWN

By Associated Press Dispatch.

Columbus, O., January 19.—The Dayton Power & Light Company today asked the Public Utilities Commission for authority to purchase the Jamestown Electric Light Company, at Jamestown, Greene county.

SEVEN KILLED IN EUROPE WRECK

(Associated Press Cable.)

London, January 19.—A wreck on the Vienna-Triest railroad near the towns of Sagov and Trefall is reported in Vienna telegrams received by the Exchange Telegraph Company by way of Copenhagen.

Seven dead and fourteen injured persons have been extricated from the debris.

According to the Berliner Tageblatt, an auxiliary train also was wrecked.

BELIEVE WHIPPLE WILL ACT

Leak Committee Will Hold No Further Hearing Till Monday.

By Associated Press Dispatch.

Washington, January 19.—Members of the House Rules Committee, investigating the alleged leak of President Wilson's peace note, apparently were confident today that Sherman L. Whipple, noted Boston lawyer, would accept the committee's invitation to act as its counsel in the inquiry.

He will come to Washington tomorrow to confer with the committee, and definite announcement of his acceptance is expected to follow.

The committee will hold no further public hearings until Monday, when a score or more of witnesses will be on hand ready to testify.

Meanwhile, the committee will confer with counsel to perfect plans for continuing the leak investigation.

COMMERCE BOARD FLATLY REFUSES RAILROADS' PLAN

Plans to Double Grain Storage Charges Knocked Out.

By Associated Press Dispatch.

Washington, January 19.—The Interstate Commerce Commission today disapproved proposals by railroads to double and quadruple storage charges on export grain at elevators at New York, Philadelphia, Baltimore, Boston, Newport News and other Atlantic ports where such grain is held longer than sixty days.

AUTO THIEVES FOIL POLICEMEN AT PISTOL POINT

Gang Supposed to Have Stolen Forty New Autos at Toledo.

By Associated Press Dispatch.

Toledo, O., January 19.—Thieves, supposed to have stolen forty new automobiles from a local factory, last night foiled five city detectives at pistol point, abducted a go-between employed by the police, and stole \$300

decoy money with which the detectives had been entrusted by the automobile company.

The detectives were hidden near a rooming house, while their stool pigeon, with the \$200, entered to negotiate for a new stolen car at the curb.

Two men emerged, started the engine, and were explaining the mechanism to the go-between, who was seated in the car. Suddenly they jumped into the car and sped away, brandishing a revolver.

Two miles away they abandoned the car, robbed the go-between of all his money, and escaped.

The police later arrested T. C. Matthews, a checker for the automobile company, who issues the passes by which cars are taken from the factory.

WITHDRAW CHARGE AGAINST VOPICKA

Disavows Any Connection With First Charges.

By Associated Press Dispatch.

Washington, January 19.—Germany has withdrawn her charges of unethical conduct against Minister Vopicka, accredited to Roumania, Serbia and Bulgaria, it was announced today at the State Department.

An explanation of the full facts in the charges of unethical conduct was made to Germany, which proved satisfactory.

The removal of Minister Vopicka from Bucharest was explained by Germany as having had nothing to do with the previous charges of unethical conduct, but to have been occasioned by the insistence of the military authorities that all neutral diplomats be withdrawn.

DON'T KNOW "GENT"

(By American Press) Washington, Jan. 19.—Secretary of State Lansing authorized a formal denial that he even knows Bernard M. Baruch, with whom, according to Thomas Lawson, at the leak inquiry, Representative Henry said he was seen breakfasting at the Blinnore on several occasions.

DEMAND TAX LIMIT PRESERVED

Ohio Manufacturers Close Annual Session.

Important Action Is Taken on Many Subjects.

By Associated Press Dispatch.

Columbus, O., January 19.—The Ohio Manufacturers' Association, in the closing session of its annual convention, here today went on record as opposed to any change in the principle of the Smith one per cent law, so long as the present uniform rule of taxation provided in the constitution shall remain in effect, but agreed some temporary amendments may be justified.

The single tax, income tax, and classification of property were suggested as solutions for the taxation problem worthy of consideration, none of which are possible without change of the constitution.

W. H. Stackhouse, chairman of the Committee on Workmen's Compensation, reported that the committee was averse to any general amendment to the present workmen's compensation law, preferring that it be permitted to complete a cycle of six years.

The convention decided to refer the initiated amendment, backed by organized labor, proposing to eliminate private liability insurance companies from competition with the state compensation fund, to a referendum vote of its entire membership before taking any stand on the proposed amendment.

CORONER FINDS WELLS GUILTY

Held for Murder of Mona Simon in Deshler Hotel.

By Associated Press Dispatch.

Columbus, O., January 19.—Coroner Herskowitz this morning rendered a verdict of murder in the first degree against Weldon H. Wells, Kansas City youth, under arrest on a charge of murdering Mona Simon in a local hotel on January 11.

NORWEGIAN BOAT HAS BEEN SUNK

(Associated Press Cable.)

London, January 19.—Lloyd's report that the Norwegian steamer Bergenhus is believed to have been sunk.

The Bergenhus, 3,606 tons gross, was last reported at Gibraltar on December 21, on her way from Genoa for Baltimore.

CENSORSHIP FOR BELGIANS A RIGID ONE

Number of Sick Workers Are Sent to Ghent.

By Associated Press Dispatch.

New York, January 19.—A postal censorship affecting deported Belgian workers was established by the Germans, according to a cablegram received from the Belgian Government in Hayre, France, by Pierre Mail, the Belgian Consul here.

A translation of the message was made public today by Mr. Mail. It reads:

"Official German record of the military zone in Belgium under date of December 15 publishes a set of regulations for the postal service of the deported workers, prohibiting their mentioning to their families their place of work, this seeming to indicate that they are working for the German Army."

"A new batch of deported working people from Ghent were returned to Ghent sick and several dying. They relate unheard of sufferings on the German front in France and considerable mortality owing to exaction from forced labor."

DAY IN CONGRESS

By Associated Press Dispatch.

Washington, January 19.—Day in Congress:

Senate met at noon. President Wilson conferred with Steering Committee urging enactment of his legislative program at this session. Considered legislative appropriation bill. House met at 11 a. m. Considered public buildings appropriation bill. Speaker Clark named committee of twenty-five to represent the House at Dewey funeral.

SPiRiT OF UNRESt IS DISCUSSed BY DR. W. A. COLLEDGE

Noted Scholar, Explorer and
Globe Trotter Says No Man
Knows What the End of the
War Will Bring, and for This
Reason Unrest Is Growing.

Dr. William A. Colledge, scholar,
philosopher explorer, traveler and or-
ator, arrived in the city, Thursday
evening, preparatory to lecturing at
Grace M. E. Church tonight, and was
very favorably impressed with Wash-
ington and her citizens, and particu-
larly interested in the mammoth Y. M.
C. A. plant in this city.

While Dr. Colledge has spent sev-
eral years of his life in the depths of
Africa, he also has visited virtually
all nations of the globe, and is one
of the most versatile men of the pre-
sent day.

Dr. Colledge is particularly im-
pressed, at the present time, with the
great spirit of unrest which is at
large among the hundred million peo-
ple of the United States, all due to the
war and the questions arising
from the war.

"It is because so many men whose
judgement is usually sound and who
are looked to as guides on large ques-
tions, differ so radically in their op-
inion as to what is coming after the
war" declared Dr. Colledge, and fin-
ished his discussion of the subject
with "and as a matter of fact no one
knows what is coming, and no one
has a more reliable method of fore-
telling than you or I." He is of the
opinion that the American people
should rest easy and meet whatever
is coming with the full assurance that
the situation or condition can be met
in proper manner.

Dr. Colledge, in discussing Africa,
stated that soon after the war will
see the completion of the railroad
from Cape Town to Cairo; the har-
nessing of the great Victoria Falls
and other waterfalls and using the
energy to build up great industries;
construction of other railroads and a
marvelous development in that con-
tinent.

Within the next few years Dr. Col-
ledge expects to locate in Florida
which he believes is the ideal loca-
tion in the United States, not except-
ing California.

For sometime he has been in Cal-
ifornia, and while there was greatly
interested in the famous "Imperial
Valley," a very fertile region devel-
oped within recent years, and having
a property valuation of \$90,000,000.
He is completing a story of the de-
velopments and wonders of the Im-
perial Valley.

EXTENSION FACULTY

Miss Forest Allen and Mrs. Mona
Straley, of Jeffersonville, have been
engaged on the faculty of the Stin-
son Extension school in Jeffersonville
which will be opened February first
with a faculty and student program.

The pupils of the school receive
the same credits as if in the Con-
servatory here.

WINS FIRST PRIZE IN MENU CONTEST

Mrs. Mart G. Morris (nee Mina
Rowe) has been awarded first prize
in the Ohio State Journal's Menu
Contest as announced in Friday's
Journal. The first prize is a box at
the Southern Theater. Mrs. Morris

is a domestic science graduate from
the Ohio State University. Her prize
winning menu will be read with in-
terest:

Menu for a family of three adults
and one 2-year-old child. The man
of the house is engaged in heavy out-
of-door work, the two women in
housework. Of course, the baby will
not partake of the whole menu, but
the soup, a little of the fish, and baked
potato, with bread instead of rolls
and milk instead of coffee, are permis-
sible. Where a cheaper cake is to
be desired, a simple one-egg cake may
be used. The top may be sprinkled
thickly with Dromedary cocoanut be-
fore putting into the oven, thus saving
the necessity for icing.

MENU.
Cream of Corn Soup (Sugar Loaf)
CROUTONS.
Baked Fish with Bacon (Capital
Brand)
Baked Potatoes, Tomato Jelly Salad,
Home-made Rolls, Butter Conserve,
Baked Pears (Bunkist),
Cocoanut Macaroons (Dromedary)
Coffee (Boas-co)
Baked Pears.
(Original)

Sprinkle halves of pears (canned)
with brown sugar and ground nuts,
stick with cloves if desired. Pour
syrup from pears in bottom of pan,
place the pears in it in the oven, and
heat through and until slightly brown.
Serve with whipped cream, if possible.
However, marshmallow cream may
be substituted, or a marshmallow may
be put on top of each pear before put-
ting in the oven. Serve one to each
person.

Sincerely yours,
MRS. M. G. MORRIS.

NOW BURN WOOD AT THE Y. M. C. A.

The coal famine and resultant high
prices has resulted in the burning of
wood to heat the Y. M. C. A. plant
in this city, and while a large quan-
tity of wood is necessary to furnish
sufficient heat for the mammoth struc-
ture, it is found much more econo-
mic than coal, and there is an abun-
dant supply within a few miles of the
city which can be purchased at a
reasonable price.

As long as the famine continues
the "Y" will depend on wood to fire
the furnace that dispenses warmth to
the entire main structure, the Sharp
Memorial building and the Stinson
annex.

At the present time the wood is be-
ing hauled from the Baker farm on
the Columbus pike, and the Washing-
ton Milling Company has furnished a
team with which to haul the wood.

REHWINKLE SOCIETY TO HOLD MEETING

Upward of 150 dentists from all
parts of the state will meet in Chillicothe,
Saturday March 3rd, for the
annual session of the association, and
will be addressed by dentists from
Cleveland, Cincinnati and Philadel-
phia.

In addition to the addresses, there
will be ten clinics during the day.
Then will come the big dinner, and
hour of speeches to close the ses-
sion.

The dentists always have a jolly
time and find the sessions very help-
ful. Washington dentists will attend
the meeting.
Washington dentists also will at-
tend the district meeting of the
Rowinkle society to be held in Green-
field, Thursday, January 25th. Some
30 dentists are expected to attend the
session.

FERRO CONCRETE CONSTRUCTION CO. GETS CONTRACT

The contract for the mammoth new
building of the Dahl-Campbell Branch
has been awarded to The Ferro Con-
crete Construction Company, of Cin-
cinnati, the firm which erected the
present main building of the firm in
1912.

The Ferro Company is to begin
work on the building next week and
have it completed not later than June
15th, and by June 1st if possible. It
will be occupied immediately after
June 15th.

The company has announced that
insofar as possible local labor will be
employed in erecting the structure,
and will have a man in the city with-
in a few days who will look after the
matter of employing labor.

The structure is to be of the latest
concrete construction, faced with
brick, and will be 64 feet wide, 165
feet deep and four stories in height.

ANNOYANCE AT THE TABERNACLE

The entire audience, the speaker
and the individuals affected, are all
annoyed by the constant coughing
which goes on during the meetings.

This annoyance could be stopped
to a great extent if those affected
would take Duffee's Cough Syrup. A
few doses would break the cold that
causes the cough or stop that tickling
sensation in the throat which some-
times comes without a cold. It is
pleasant to take and is only 25c for
a large six ounce bottle.

For the sake of others as well as
yourself stop your cough and cold.
Ask your grocer for it. 15 c

WASHINGTON HIGH IS AT CHILLICOTHE

Tonight the local high school bas-
ket ball team goes to Chillicothe to
play the high school team of that
city.

Last year the Chillicothe team de-
feated the locals, but this year it is
expected that this will be reversed.

The team has been practicing hard
this week and all are in good shape.

The same lineup as last week will
probably be played, and is as follows:
Willis, c; Gregg, rf; Slagle, lf; Lloyd,
rg; Burnett, lg.

DEATH SUMMONS MRS. JAS. WEAVER

Mrs. Mary Weaver, widow of the
late James Weaver, and one of the
highly esteemed older residents of
the country died at her residence on
Clinton Avenue, Friday morning at
a quarter past four o'clock, aged 78
years.

Mrs. Weaver succumbed to an at-
tack of pneumonia several days ago
and her condition was serious from
the first. The sad intelligence of
her demise brings sorrow to a large
family connection and many friends.

Mrs. Weaver was born in Scotland,
the daughter of Wm. Aiken, who
brought his family to this country
when the deceased was but 13 years
of age and located in the adjoining
town of Hillsboro.

Some years after their marriage in
1882, Mr and Mrs. Weaver came to
this country and for many years prior
to Mr. Weaver's death resided on
their farm near Selden. Seven chil-
dren survive the mother, Wm.S. of
Sabina; Mary J. Willette, of Center-
ville; Iona, Edwin, George, Frank and
Lizzie of this city and Mrs. Kate
Clemmens, of Selden.

Funeral services will be held Mon-
day at 10:30 a. m. at Grace M. E.
Church. Burial will follow in the
Washington cemetery.

CLOTHES ARE MADE NOW FROM WOOD

(By American Press)
Washington, Jan. 19.—"Although
few realize it, many men today are
wearing clothes made from wood,"
said Charles Lathrop Pack, president
of the American Forestry association,
at its opening conference here, as he
pointed out the necessity for conserv-
ing the forest resources of the coun-
try. Three hundred delegates are in
attendance.

Another German Raider

The seemingly trustworthy reports that another German sea raider is abroad in the south Atlantic, creating havoc among the shipping of the allied nation's will very considerably disturb the foreign commerce upon which the allies and Great Britain especially depend so much in this war.

It is probable that the career of the raider will be of short duration and that the end will be the same as that which came to all its predecessors.

In the meantime, however, the destruction to shipping is appallingly heavy, according to reports. Something like a score of ships of the Entente powers have either been captured or sent to the bottom of the sea with their valuable cargoes.

The bright feature in connection with the operations of the raider is that due care has been taken not to sacrifice life. While the loss totals twenty million dollars and more, in ships and cargoes, human life has been spared from destruction.

The spasmodic raids by German vessels are more spectacular than important in their effect on the progress of the war. Germany cannot hope to break up Great Britain's commerce by these isolated raids. Neither can the Central Powers hope to re-establish their own destroyed commerce by the adoption of such methods.

They can, however, annoy and harass skippers and the effect on the people of the Teutonic nations is encouraging.

The best that can be expected as a result of these raids is merely temporary and minor success with sooner or later the raider limping into some neutral port for internment if capture is escaped.

Stock Taking Time

This is January the time when all successful business men take stock of their affairs, cast up accounts and see where they stand. No well regulated business is carried on now days without the annual thorough account taking and invoice.

The wisdom of the custom, which has now become inexorable, has been demonstrated conclusively by conspicuous business success and just as conspicuous business failures where the mandates of the custom have been disobeyed.

Why is not the stock taking—the invoice custom a good one for communities to follow in public affairs and why, above all things else, is it not an excellent plan for individuals to take count of their moral life.

In order that every individual would get the biggest return in happiness and contentment, both for himself and his fellowmen, on the capital with which he is endowed, he should cast up accounts at the end of each year. He should have the courage to balance the books on his own life and look the results squarely in the face.

What has the business of life yielded in the year that is closed? What advantage has been neglected? What has been done wrong? What has been omitted?

Each individual should check up on himself for then and then only can he tell how to demean himself during the year that is at hand.

The moral life is certainly worth as much as the business.

Preparing for the Battle

The initial step looking to the waging of a campaign to make Ohio "dry" has been taken. To be more accurate and specific the launching of a movement to amend the constitution of the state so as prohibit the traffic in intoxicating liquors as a beverage may be said, after the work of Thursday, to have been accomplished. The leaders of the dry forces have agreed upon the form of the proposal and all is now ready to secure signers to the petitions which will make the calling of the election next November obligatory on state officials.

Twice before campaigns have been waged to make Ohio dry and twice the campaigns have resulted in failures for the dry cause.

This year the addition of many practical politicians, coming from both political parties, to the ranks of the dry forces seems to give the cause a tremendous advantage over that which has obtained in any previous campaigns.

The active assistance of Mr. Bryan will be of almost immeasurable benefit. He not only brings to the support of the cause his powerful personality but a wealth of practical political knowledge and experience.

The Ohio dry forces have shown excellent judgment in calling upon Mr. Bryan at the very beginning of the campaign so that he can assist in forming the battle lines and placing the forces, rather than waiting until the lines were formed and depending upon the ex-secretary of state merely as a campaign speaker.

Poetry For Today

I'LL TAKE WHAT FATHER TAKES

The board was filled with choicest fare,
The guests sat down to dine;
Some called for bitter, some for stout,
And some for rosy wine.
Among this joyful company
A modest youth appeared.
Scarce sixteen summers had he seen,
No specious snare he feared.

An empty glass before the youth
Soon drew the waiter near.
"What will you have sir?" he inquired;
"Stout, bitter, mild or clear?"

"We have rich supplies of foreign port,
We have first class wine and cake."
The youth, with guileless look, replied
"I'll take what father takes."

Swift as an arrow went the words
Into his father's ear.
And soon a conflict deep and strong,
Awoke terrific fears.

"Have I not seen the strongest fall,
The fairest led astray?
And shall I on my only son
Bestow a curse this day!"

"No, Heaven forbid! Here, waiter,
Bring
Bright water pure to me.
My son shall take what father takes—
Water my drink shall be."

TRAGIC DEATH EXPOSES LIFE OF WRONG DOING

(By American Press)

Salem, O., Jan. 10.—Florence B. Kale of Salem, who was found dead in the Imperial hotel in Youngstown, bore an excellent reputation in her home town. She was active in both church and social circles. Until recently Miss Kale had been employed as a milliner in a Salem shop. H. R. Kale, her father, is head of the Salem hardware company. Before leaving for Youngstown, after being notified of his daughter's death, he declared that Frank B. Kelchinger, Cleveland salesman, who was detained in connection with an investigation of the girl's death, had been an intimate friend of the family for many years.

SUFFRAGE FIRST FOR ASSEMBLY

By Associated Press Dispatch.

Columbus, O., January 19.—The question of the Ohio General Assembly granting presidential suffrage to women of this state is expected to be one of the first propositions taken up by the Legislature when it reconvenes next week.

The woman suffrage bill introduced by Representative Platt, Republican, of Ashtabula, was referred to the Committee on Federal Relations, and a similar bill, introduced by Representative James A. Reynolds of Cuyahoga, Democrat, was referred to the Committee on Privileges and Elections.

Both bills are expected to be presented for committee hearings next Tuesday.

DR. Z. B. CAMPBELL QUILTS HIS JOB

Head of Civil Service Commission Places Resignation Governor's Hands.

By Associated Press Dispatch.

Columbus, O., January 19.—The resignation of the Rev. Dr. Z. B. Campbell, Republican, of Ada, as chairman of the State Civil Service Commission, was submitted to Governor Cox today. It becomes effective at the pleasure of the Governor.

It is said the Governor has had the resignation of S. D. Webb, Democrat, member of the commission, at his possession for several days.

Both resignations will probably be accepted effective February 1 and their successors appointed.

HUNGER CAUSED YOUTH TO MURDER

By Associated Press Dispatch.

Cleveland, O., January 19.—Pangs of hunger drove Lawrence Southall, aged 14, a Chicago orphan, to murder Charles H. James, 40, Baltimore &

DIPLOMATIC BARBED WIRE.

—Weed in Philadelphia Public Ledger.

Ohio railroad car inspector, who had befriended him here late last night, the boy confessed today, say the police.

The lad had been ordered out of town. He took refuge in the railroad yards and later, nearly frozen, he was taken into the inspector's shanty to warm himself.

He says he attacked James to get money for something to eat. James' body was found by fellow workmen.

PRESIDENT'S LIFE WAS THREATENED

San Francisco, Jan. 19.—That President Wilson's life was threatened by an anarchistic organization known as "The Blasters," of which Thomas J. Mooney, on trial here for murder, was a leader, will be shown by evidence to be presented in Mooney's trial, Assistant District Attorney Edward A. Cunha declared in superior court in his opening address to the jury.

"I will prove," said Cunha, "that these men plotted revolution against the government. I will prove that they said in an addition of The Blast 'the weathercock in the White House had better watch out. Suppression of the voice of discontent leads to assassination.'"

Cunha outlined the history of the bomb explosion here last July in which ten persons lost their lives and in which it is charged Mooney had a part. "I will show a motive for Mooney's participation in this crime and that he advised and encouraged it," said Cunha. "I will prove that prior to January, 1916, Mooney, Alexander Berkman, Miss M. E. Fitzgerald and others entered into a conspiracy to bring about an uprising against property owners, the confiscation of private property and the destruction of government, and that they called themselves 'The Blasters' and publicly announced in The Blast the objects of their conspiracy."

NEW STYLE

New York, Jan. 19.—All wedding traditions are to be smashed tomorrow when Miss Eleanor Kluges and Ora One are married in St. Vincent de Paul's church. Both bride and bridegroom are to be garbed from tip to toe in funeral black. It is not because they believe their married life will be such that mourning should be worn upon beginning it. They want to show the world something new in weddings, they say. They also point out that black weddings will prove less expensive for society than the usual kind, as black clothes will always be serviceable.

"I intend wearing a black suit, black shirt, black collar and black gloves," declared Mr. One, the bridegroom-elect, at Miss Kluges' home. "Our wedding breakfast will be served by black servants. The menu will include blackberry, cocktails, black base, black bread, black coffee and a number of other black delicacies."

MANUFACTURES AIR PROBLEMS

Governor Cox and Banker Vanderlip Make Addresses.

Columbus, Jan. 19.—Sharing the speaking program with Frank A. Vanderlip, president of the National City bank of New York, Governor Cox told members of the Ohio Manufacturers' association, following a banquet at the Virginia hotel, that the workmen's compensation law had benefited them as much as working men.

Mr. Vanderlip issued a warning that the United States has grown fat through war orders, and by gorging itself with gold coin later may suffer from commercial indigestion. "This country has become slack because of easy profits," he declared. "We must speed up for after the war competition." The war has benefited the belligerents in one way, he said. It has stimulated their activity and increased their capacity. He declared no man can tell just what financial conditions will be in America after peace is declared.

Governor Cox declared he favored government ownership of utilities only when efficient service can not be secured through private control.

The manufacturers will take a stand against health insurance, leading members say. A health insurance bill, drawn up by the American Association for Labor Legislation, is to be introduced before the Ohio general assembly. Manufacturers oppose the bill because physical examinations are required, which in turn are frowned upon by the unions.

At this morning's session the manufacturers discussed taxation, workmen's compensation, fire insurance rates, fuel supply and other matters.

PROBE GETS LAWYER

(By American Press)

Washington, Jan. 19.—Sherman L. Whipple of Boston, a Democrat, and a noted trial lawyer, was invited by the rules committee of the house to act as counsel in the peace note leak investigation which, it now appears, will extend deeply into Wall street stock manipulations. Further public hearings in the inquiry were postponed until Monday morning.

PROBING GRAFT CHARGES

Grand Jury Returns Indictments at Chicago.

Chicago, Jan. 19.—Police Captain Stephen K. Healey, Alderman Oscar De Priest and nineteen other persons were named in indictments returned by the January grand jury investigating charges of bribery, graft and corruption in the Chicago police department. Two police sergeants were also accused. The indictments charge conspiracy to commit an illegal act and conspiracy to defeat justice.

ROBERT HOLLAND WRITES FROM THE WASHINGTON PEN

Former Washington Colored Man,
Harmless Except When Demon
Rum Took Possession of Him,
Writes Touching Letter—
Serving Life Sentence.

A letter full of appeal and reflect-
ing the utter hopelessness of his po-
sition as a "lifer" in the State Pris-
on at Walla Walla, Washington, has
been written by Robert Holland, alias
"Earl A. Jones," No. 8139, to Dr. Roy
E. Brown in this city.

Holland is a former well known
colored resident of this city, a young
man of peaceful nature unless drink-
ing, when he became a veritable de-
mon and hesitated at nothing. He is
the man who, using a shot gun, enter-
ed the Mayor's office in this city and
deliberately shot and seriously
wounded Policeman Lewis White, and
prior to that had attempted to kill
Policeman Noah Bell, both crimes be-
ing committed, it is claimed, because
of drink. He served two or three
terms in the Ohio penitentiary and
some two years ago escaped from that
institution.

Nothing more was heard of him
until word was received from Spok-
ane, Washington, that Holland had
killed a traffic officer and a colored
man in that city, and was held on a
charge of murder.

Holland grew to manhood in this
city, and always treated Dr. Brown
with the utmost respect.

Holland's letter to Dr. Brown is of
unusual interest and is given in full
below:

Walla Walla, Washington,
January 6th,

"Dr. R. E. Brown:

"I never had a task more painful
than the present one of addressing
you, from this doleful spot. I have
longed for a good many years to hear
from someone I know, and I cannot
resist writing any longer.

"Doctor, if you can let me know
the whereabouts of any of my broth-
ers, I would be very thankful for the
information, as I do not know whether
they are dead or living.

"I suppose you have read in the

papers of my trouble out here. I
have been sentenced to life for the
murder of two men in Spokane, Wash-
ington. It is too long a story to ex-
plain to you in this letter. But I can
say this, that what I did was in self
defense. But owing to the circum-
stances of the case, I had no witness
to testify in my behalf, therefore I
must suffer.

"I hope you can find some of my
people and tell them to write to me,
or if you would send me a newspa-
per, I care not how old, it may be
just so it is from that dear old town.

"I have so much I want to say that
I cannot express it in words. I want
to ask you so much of the old C. H.
town, I would have to write you a
book. I hope you and all that care
to remember me as a friend are get-
ting along good, and in the best of
health. I am in good health and
doing well as can be expected, but
would feel so much better if I could
hear from someone I knew in my boy-
hood days.

"I will close for this time, with best
wishes for you. I remain, yours res-
pectfully, "PEG."

"ROBERT HOLLAND,
"P. S. I am under the name of
Earl A. Jones, 8139."

BEAUTIFUL SERVICES PRECEDDE BURIAL

The home of Mr. and Mrs. Wm. F.
Jefferson, in Bloomington was filled
with friends, the older element being
specially represented, on Thursday
afternoon, where the funeral ser-
vices of the beloved mother and
grandmother, Mrs. Emily Elliott Us-
tick, were held.

The services were conducted by
Rev. T. C. Kerr, pastor of the Pres-
byterian church, assisted by Rev.
Laughlin, of the M. E. Church and
were marked by quiet beauty and
simplicity.

Rev. Kerr spoke, with glowing ap-
preciation of the wonderful Christian
life, beginning when a very young
girl and constantly growing until it
reached the flood tide in the twilight
days and brought rare comfort to the
closing years of a life that covered
a span of over four score years the
young widow of a young minister, a
delicate woman of refinement and
education, belonging to an old Phila-
delphia family and accustomed to
many advantages, this woman rose to
meet changed conditions with cour-
age and Christian fortitude, winning
and holding throughout her days the
love and respect of the community.

Rev. Kerr read the hymns "I Would
Not Live Away" and "Stretch Out
Thy Wings," from the hymnal which
had belonged to Mrs. Usstick's moth-
er over a century ago. He also read
a beautiful poem "Safely Home."

The burial was made in the family
lot of the Bloomington cemetery
with five grandsons, Carl and Elliott
Jefferson of Columbus, Paul, Robert
and John Jefferson and Mr. Howard
Jefferson, acting as pallbearers.

The sun shone with glistening
brightness over the mantle of snow,
as if symbolical while the minister
spoke the farewell words.

The floral remembrances were in
great number and beauty and in ad-
dition to those from relatives and
friends there were a casket spray of
white carnations from the Woman's
Missionary Society of the Presbyter-
ian Church; spray pink carnations
from Mrs. Jefferson's Kensington club;
spray white carnations and
roses, the Women's club of Bloom-
ington; wreath of galys leaves and
roses from the grand children and
a flowering azalea from the girls
Wednesday club.

Mr. and Mrs. Carl Jefferson, and
Elliott Jefferson, of Columbus; Mr.
George Stouch, of Circleville, were
here for the funeral.

REAL HEN AND REAL EGG IN SHOW WINDOW

A display which has attracted much
attention during the day is a real
live hen with nest and a genuine egg
(worth about 5c) in the show win-
dow of Haver's Drug Store. The ex-
hibit is to call attention to a certain
kind of poultry food.

That the hen is "some layer" is at-
tested by the fact that there is one
egg in the nest and Mr. Haver is sure
that at least one additional egg will
be laid there each day. Meanwhile
old Biddy is looking wise and not
saying a word.

SPANISH CLASS

The first class under Prof. McVey,
of the Ohio University, Athens, in
Spanish, numbering twenty-five, aroun-
ded so much interest that a second
class will be opened next Monday at
3:45 p. m.

The new class will take up both
grammar and reading and will be in
the afternoon instead of the evening.
A number have already entered their
names for enrollment.

Prof. McVey spent a number of
years in the Philippines and is a
fine teacher.

The opportunity to learn a lan-
guage of as practical possibilities as
Spanish is one not always found.

FIRST OF HANDSOME PRIZES HAS ARRIVED

The first of the Fish and Game Pro-
tective Association's prizes for the
1917 fishing contest has been receiv-
ed by Secretary H. C. Allen, and is

a handsome split bamboo rod, jeweled
with full nickel trimmings and valued
at \$10. Also six artificial bait valued
at \$5.

The rod and bait are manufactured
by the James Heddon's Sons, widely
known manufacturers of sporting
goods, of Dowagiac, Michigan.

THIS LOAD OF HAY JUST DISAPPEARED

"Seen anything of a load of hay go-
ing down the street here?" was the
query made by Ched Ford to a busi-
ness man of the city Friday morning.
Ford had his team of horses and
was looking for a load of hay which
he had left on the Grace church side
of Market street over Thursday night
and which had disappeared when he
arrived to attach his team to the load
Friday morning.

When last seen the load was head-
ed west on Court street, about thirty
minutes before the inquiry was made
by Ford.

It was finally discovered that the
load of hay had been moved under
direction of Chief Moore.

HAD SWEET TIME WHILE AT WORK

Mr. Emmer Miller and Grant Mil-
ler, residing on the Bogus Road,
were very agreeably surprised,
Thursday, when they felled a tree on
Mr. Miller's farm and discovered
that a swarm of bees had made their
home in it.

Cutting into the tree and blocking
out a section they obtained 60 pounds
of fine honey which had been stored
away by the bees during the past
summer.

DIES IN DAYTON

Mrs. Marion Smith, formerly of
this city, but who has lived in Day-
ton the past two years, passed away

papers of my trouble out here. I
have been sentenced to life for the
murder of two men in Spokane, Wash-
ington. It is too long a story to ex-
plain to you in this letter. But I can
say this, that what I did was in self
defense. But owing to the circum-
stances of the case, I had no witness
to testify in my behalf, therefore I
must suffer.

"I hope you can find some of my
people and tell them to write to me,
or if you would send me a newspa-
per, I care not how old, it may be
just so it is from that dear old town.

"I have so much I want to say that
I cannot express it in words. I want
to ask you so much of the old C. H.
town, I would have to write you a
book. I hope you and all that care
to remember me as a friend are get-
ting along good, and in the best of
health. I am in good health and
doing well as can be expected, but
would feel so much better if I could
hear from someone I knew in my boy-
hood days.

"I will close for this time, with best
wishes for you. I remain, yours res-
pectfully, "PEG."

**BEAUTIFUL SERVICES
PRECEDDE BURIAL**

The home of Mr. and Mrs. Wm. F.
Jefferson, in Bloomington was filled
with friends, the older element being
specially represented, on Thursday
afternoon, where the funeral ser-
vices of the beloved mother and
grandmother, Mrs. Emily Elliott Us-
tick, were held.

The services were conducted by
Rev. T. C. Kerr, pastor of the Pres-
byterian church, assisted by Rev.
Laughlin, of the M. E. Church and
were marked by quiet beauty and
simplicity.

Rev. Kerr spoke, with glowing ap-
preciation of the wonderful Christian
life, beginning when a very young
girl and constantly growing until it
reached the flood tide in the twilight
days and brought rare comfort to the
closing years of a life that covered
a span of over four score years the
young widow of a young minister, a
delicate woman of refinement and
education, belonging to an old Phila-
delphia family and accustomed to
many advantages, this woman rose to
meet changed conditions with cour-
age and Christian fortitude, winning
and holding throughout her days the
love and respect of the community.

Rev. Kerr read the hymns "I Would
Not Live Away" and "Stretch Out
Thy Wings," from the hymnal which
had belonged to Mrs. Usstick's moth-
er over a century ago. He also read
a beautiful poem "Safely Home."

The burial was made in the family
lot of the Bloomington cemetery
with five grandsons, Carl and Elliott
Jefferson of Columbus, Paul, Robert
and John Jefferson and Mr. Howard
Jefferson, acting as pallbearers.

The sun shone with glistening
brightness over the mantle of snow,
as if symbolical while the minister
spoke the farewell words.

The floral remembrances were in
great number and beauty and in ad-
dition to those from relatives and
friends there were a casket spray of
white carnations from the Woman's
Missionary Society of the Presbyter-
ian Church; spray pink carnations
from Mrs. Jefferson's Kensington club;
spray white carnations and
roses, the Women's club of Bloom-
ington; wreath of galys leaves and
roses from the grand children and
a flowering azalea from the girls
Wednesday club.

Mr. and Mrs. Carl Jefferson, and
Elliott Jefferson, of Columbus; Mr.
George Stouch, of Circleville, were
here for the funeral.

That Cocoonut has all kinds of possibilities in the preparation of the daily menus for the entire year? Cocoonut is not only delicious but it has been found that there is more nourishment in a pound of cocoonut than in a pound of surloin steak. It can be used as a meat substitute, in biscuits, blends perfectly with dried fruits in sandwiches, is used in candies, puddings, pies and cakes. We have Bahels fresh grated cocoonut, which comes with the milk of the cocoonut, which is delicious and can be used in many ways. A cocoonut receipt book is given with each package. Price 10c per package. We also have Drummedary and Durham's shredded cocoonut at 10 cents per package. Notice our window display.

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.
As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use. It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bitten feet and colds of the chest (if often prevents pneumonia).

NUMBER OF TRAIL HITTERS NOW CLOSE TO THE 350 MARK

Earnest Work of Evangelist and Assistants Bearing Fruit— Nearly Two Score Hit the Trail Last Night— Sunday School Night This Evening.

Nearly two score more hit the sawdust trail at the tabernacle, Thursday night, including many men and women, a number of whom were past middle age, and the scene following the close of the sermon was a stirring one, and made a profound impression upon the entire audience.

Including the children who hit the trail on Saturday afternoon, the number of trail hitters now total about 340.

The tabernacle was comfortably filled, Thursday night, the singing was spirited and the sermon one of absorbing interest.

Evangelist Bromley directed his appeal chiefly toward the men and declared that many men were afraid to come to the meetings, and that some of those who were afraid to come were already under conviction.

He also urged those who are not church members not to judge all church members by the poorest example in the church.

"If there is one rotten apple in a barrel of good ones, you don't pick out the rotten apple as an example of the entire barrel," he logically insisted.

Continuing Dr. Bromley said, "There are many reasons why a sinner should come to Christ and one of the reasons is because the sinner has an immortal soul. That soul is going to live long after this life is over. A leaf grows, then dies and all is over, but not so with the soul. This body will go back to dust but the soul will live on and on forever."

"The future life will be no less intelligent than this life, the life in which we now live. There are some things we cannot choose the second time. We cannot make a choice of a first wife when we once have one. We can only choose to be wet or dry legally; there is no middle ground. We can only be saved or unsaved, there is no middle ground at all. It is impossible to play to both galleries at one and the same time."

"You cannot be religious and play into the hands of the devil at the same time and get away with it, that won't work. God wants you to be either hot or cold then he knows what he can count upon."

"Suppose you decide to live a life of sin, what does it profit you anyway. Suppose you get all the enjoyment that can be secured from the dance, amusements, lust and appetite and then in the end lose your soul, what does it profit you anyway?"

"Christianity demands a real life. When you become a Christian you give up your every sin. When a man breaks loose God wants him to be a sure enough Christian. What we need are definite conversions. What Washington Court House needs is real Christians in the church. It won't hurt the church one bit."

"The trouble is that too many men have their own standards. They have all sorts of standards but the only standard to go by is the old bible, that is the standard set aside by God Almighty and we are expected to live up to that standard."

"If we would live up to that standard all around there would be no need of a police court or of a judge and jury or a jail. The trouble with many men is that they are afraid to come to these meetings; they are afraid they will become convicted of their sin; no, they are convicted of their sin already."

church because a member is in the church like that. You choose the rottenest apple out of the barrel and hold it up as a sample. Then you say that the church member is between you and the Lord, but you forget that if a hypocrite is in the church and is between you and the Lord, that self-same hypocrite is nearer to the Lord than you are.

"You should be a Christian now because there is loss in delay. If you are happy now you will be supremely happy when you accept Christ. Lots of you put off becoming Christians because you are cowards; you are not manly enough to be Christians."

"It's remarkable at the number of old folks that are being saved these days and God bless them. They would better be saved now or they will be lost forever. I tell you, you are in danger of death, all of you, death is just ahead of us."

"There are those before me who will be in their caskets in twelve months. I don't ridicule death bed repentances but get right with God when you have your senses. The man who puts his salvation off till he comes on the death bed is a fool."

"The trouble with many of you is you have cultivated a channel of resistance and you are putting off till some other time continually and that time is just before you. God can't force you to accept Him. We can't force you, we can simply persuade you and tell you what you ought to do, that's all we can do."

"Many of you love your sin and don't want to give it up, that is your trouble."

CAMPAIGN NOTES.
Miss Larrimer sang as a solo: "O Make Me Pure," last night.

The two posts of the G. A. R. attended the services in a body this afternoon. Dr. Bromley preached a special sermon to them. The old soldiers felt it was too much for them to turn out in an evening so they decided on the afternoon.

This morning prayer service was held in the first Baptist church, all the people interested in the cottage prayer services came together and listened to a message from Dr. Bromley.

There was a meeting of the high school girls Thursday afternoon and Miss Ditzell spoke to them.

There was a meeting of the 33 key business girls at the Y. M. C. A. Thursday afternoon, and Miss Ditzell spoke to them.

After the sermon this afternoon Miss Ditzell addressed the Bible class. Her subject was "The Inspiration of the Bible."

Saturday afternoon will be the first of a series of lectures to women only. Sunday school night tonight.

PRESBYTERIANS
The Sunday school scholars are requested to meet at the First Presbyterian church at 7:00 o'clock Friday evening to attend the Tabernacle in a body. Will each teacher see that his or her class is fully represented.

INTERESTING GOSSIP FROM OHIO'S CAPITAL

By Associated Press Dispatch.

Columbus, O., January 19.—The

first week of actual work by the new Ohio Legislature has developed the fact, politicians say, that woman suffrage and taxation probably will be the biggest general questions to face the present assembly.

Among the first bills introduced in the lower house were two—one for each party—giving women the right to vote for presidential electors. Suffragists say they hope to get an early vote on these bills before the legislative grind has an opportunity to crowd them out. They say their information shows their measure will be successful.

A new taxation measure to repair the state's taxing machinery which was knocked out by a recent decision of the state supreme court, is being drafted by a special legislative committee composed of both Republicans and Democrats. This measure is expected to be acted upon early in the session.

It is said that wet and dry legislation will stand but little chance at this session as the senate is said to be dry in its complexion and the house wet.

Although many bills have already been dumped into the legislative hopper, and many more are in course of preparation, legislative leaders are of the opinion that this winter's legislative session will not be as long as usual. Both Democrat and Republican legislative leaders are said to favor a short session. Predictions have been made that many of the minor bills before the assembly never will be acted upon.

Randolph Walton former Columbus Progressive leader has refused an invitation from Harold L. Ickes of Chicago to attend a conference there of "Progressives and progressive Republicans." Mr. Walton declared he will attend the coming conference in St. Louis to make plans for perpetuating the Progressive party. In his letter to Mr. Ickes, Mr. Walton declared "The Republican party is senile."

Speaker Hopple of the House of Representatives of the legislature has ordered that there shall be no smoking in the chamber during sessions of the House.

Three Cleveland men have registered at the secretary of state's office.

under the lobby law. They are Mayo Peasler, legislative representative of the Civic League of Cleveland; H. L. Schuler, representing the American Steel & Wire Co., and Frank B. Bicknell, representing the Association of Building owners.

When Secretary of State Fulton was informed that H. A. McKenzie of Waverly, assistant statistician in the secretary of state's office, had registered as a lobbyist before the legislature for the committee on railroad operation, he at once called upon McKenzie for his resignation, which was forthcoming.

The old wood box has been restored to the governor's office in the state house, and a wood fire now burns in the big fireplace in the large reception room of the executive office. The fireplace has not been used for several years.

Governors come and governors go, but Howard Gilliard, negro clerk on the door at the governor's office in the state house stays on. The late Governor Harris brought Howard to the governor's office and he has been there ever since under both Democratic and Republican governors. Politicians say that Howard knows personally as many people in Ohio as anyone. He is unusually good at remembering names and faces.

Senator Lloyd of Franklin county has announced his intention of again submitting a bill to change the name of Ohio University at Athens on account of the conflict with the Ohio State university. The bill was before the Eightieth general assembly and is expected to again draw the bitter opposition of Dr. Alston Ellis, president of Ohio University.

The flag on Ohio's capitol building has been placed at half mast by Adjutant General Wood as a mark of respect to Admiral George Dewey, who died Tuesday night. The flag will remain at half mast until after the Dewey funeral Saturday.

In the appointment of Dr. A. F. Shepard, Republican of Columbus to the state board of administration, succeeding Dr. E. H. Rorick, it was the purpose of Governor Cox to restore the board to its former status and policy in regard to state institutions, the governor has announced.

Dr. Shepard, a native of Highland county, is conceded to be a national authority on types with which the board has to deal. He first came to public life when the late Governor Nash selected him to clean up the Hospital for the Insane at Dayton. When the state board of administration was established, placing all of the institutions under one board, former Governor Harmon selected Shepard as its first member and he was virtually the head of the board all during the administration of Governor Harmon and the first administration of Governor Cox. Dr. Rorick will finish his first year on the board February 1. He did not desire to remain and gave Governor Cox his resignation, effective February 1. The position on the board held by C. C. Philbrick, Democrat of Columbus, has not yet been filled. The other two members of the board are D. S. Creamer and T. E. Davey.

State Highway Commissioner Clinton Cowen has been holding conferences this week with H. R. Bishop, district engineer of the office of pub-

MR. BRYAN FORCEFULLY ILLUSTRATES FALLACIES IN DEALING WITH LIQUOR QUESTION

"One of the ways of testing a man's sanity is to put him in a tank of water, turn on a faucet and then ask the man to dip the tank dry. If he goes on dipping without turning off the faucet, he is regarded as insane. If he turns the faucet off, it is a sign that he has not lost his reason."

"The illustration can be applied to legislation against the evils of intemperance. We make laws against drunkenness; we make provision for those who have been brought to poverty, crime and insanity by the saloon. Are we wise enough to turn off the stream by stopping the sale of intoxicating liquor, or will we content ourselves with the unending work of taking care of those disabled by alcohol without being wise enough to stop the stream of evil that flows out from the saloons?"

"The saloonkeeper claims that only a few of those who visit his place die drunkards. Would we pay any attention to this logic in other matters? Suppose a man wanted a license for target practice in a public park. We would laugh at him if he contended that only a few passersby would be killed by stray bullets. We would not allow one passerby to be killed for all the money he could offer for a license. Why, then, permit the establishment of the saloon business when we know that a considerable percentage of those who frequent the saloon will die from the effects of liquor and all the rest be more or less injured?"

Bryan said he and his wife had decided to postpone his retirement from politics.

"She told me," he said, "that if I would eat the right kind of food, not work too hard and get enough sleep, she would drag me through 20 more years of it. If so, I expect to live to see woman stand beside man as his equal, see a saloonless nation and women joining men in a lasting peace for this country that will spread to all the world, with my country leading in the movement."

"If well-to-do people would stop drinking, their example would do more good than all the money they can give," said Bryan, and he declared that it would be better to license burglars than saloons.

He branded as anarchists those who would defy prohibition laws by operating blind tigers.

lic roads of the federal government in regard to the necessary steps to be taken by Ohio before submitting project statements in accordance with the federal aid road act. By reason of the fact that the federal aid act is a reimbursement proposition, certain enabling acts must be passed by the legislature before contracts can be let involving federal aid, it is said.

STILL AT IT

(By American Press)

Washington, Jan. 19.—Blamed for delay in mobilizing the national guard for border service was placed squarely on the war department by Major General John F. O'Ryan, commanding the New York division of the state forces, in testifying before the senate subcommittee on universal service. Adjutant General Louis W. Statesbury of New York and Captain James T. Burns of the Third Illinois Infantry joined in defending the guard.

All three officers agreed in favoring universal service legislation, although they had differing ideas of how it should be applied. General O'Ryan outlined a plan under which boys would be required in their nineteenth year to elect the course of service they preferred, whether in the regular army, national guard or in some civil capacity. In common with the other two officers, he declared that complete federalization of the state troops must be effected to insure efficient service.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Over worked, run down "fagged out" women who feel as though they could hardly drag about, should profit by Mrs. Carter's experience. She says: "I am the mother of six children and I got so week and run-down that I couldn't eat anything and it seemed almost impossible for me to get around and do my work. I tried different doctors' remedies without benefit. I saw Vinol advertised and decided to try it, and received so much benefit from the first bottle that I continued to take it, and I have built up my strength and made me strong and well. I consider Vinol the best medicine I have ever taken, and advise all weak, run-down women to try it." Mrs. Bessie Carter, State Road, N. C.

If all the tired, overworked, run-down women in Washington Court house could only realize how our delicious Vinol, which contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, supplies the vital elements necessary to build up blood and strength, we wouldn't be able to supply the demand.
